

Texas Instruments has a history of innovation and that has led to another break-through in educational technology... 3D in the classroom!

Dissect in 3D.

Save a Frog.

3D-Ready

DLP® Projectors

Save millions of frogs a year.

Save hundreds of dollars a classroom.

Come see a demonstration of the Texas Instruments DLP technology that makes this possible! Have a chance to win a blue iPod Nano (4gb).

2 Presentations on November 17th, 2009

Where: Arizona State University - 10:00 AM to 11:00 AM

Where: ASU Skysong 1475 N. Scottsdale Road, Scottsdale, AZ 85257 - 2:00PM to 3:00PM
